

What is GimmeFive?

GimmeFive is UAW's Innovative National Mobilizing Program. It is designed to increase activism, recruit and engage our active members, retirees & staff to mobilize for collective action and build capacity to fight for social & economic justice.

How can I help?

The simplest and easiest thing you can do to help is donate your time! Listed below are the areas and sample activities you could choose to volunteer your time for.

Organize- This might include identifying nonunion workplaces, distributing literature, house calls, and gate rallies

Mobilize- Activities may include community charity work (adopt-a-family, habitat for humanity, Labor Day activities)

Justice- This may include precinct walking, phone banking, early/absentee voting drives, yard signs, V-CAP fundraising, and lobbying

Power- Recruit five or more members to the GimmeFive program.

You can earn Buttons for each area you volunteer! For more information, visit www.GimmeFiveuaw.org

Let's give back to our community and show them what being "Union" is all about!
